

CASE STUDY: DATA PROTECTION COMPLIANCE AND THE PANTERA GROUP

The Pantera Group of companies include Pantera Carpentry, the leading carpentry and joinery contractor in London and the South East, and Pantera Wardrobes, importers and installers of Italian wardrobes. We are known for our commitment to outstanding Health and Safety standards, quality and offer a competitive edge in the planning and delivery of our work. The Group's highly trained workforce are integral in achieving this. Our apprenticeship schemes, health and safety training, graduate programmes and senior management development all contribute to producing a first class team.

Today's complex projects involve not only carpentry, joinery and wardrobes but often major logistical challenges, working with other products to provide complete fit out solutions.

Services provided to the Pantera Group:

- *Completion of an information inventory and data mapping;*
- *Development of a Privacy Notice;*
- *Development of training and awareness documentation;*
- *Review of GDPR compliance.*

“Having identified a need to prepare for GDPR, we were put in contact with selufen and our data protection needs were addressed with a helpful and supportive service by selufen”.

Jonathan Callow, SHEQ and Compliance Manager, **the Pantera Group**, Longfield, www.panteracarpentry.com
